“... Ms. Stefani Dhami had arranged everything very well in very short time, furthermore, Mr. Weichmann and Mr. Galus had been very friendly and supportive throughout the program. This seminar has been very beneficial for us as I have joined this industry very recently, so it was a great opportunity for me as I was able to learn many things in a brief period of time, that too from professionals with high experiences. After participating, we now understand the importance of this program, it is a great platform to acquire basic rotogravure knowledge in short time, we will strongly advise our customers and our suppliers to attend such seminars organised in future.” **Vasu Shrimanker, Pelican Rotoflex Pvt. “I have been working in flexible packaging for 25 years. First time I heard with such details all the printing processes, from the engraving until printing. The combination of theory and practice was ideal. Within three days all the professors analyzed with explanatory way the gravure printing. Very good atmosphere in the classroom. I will recommend the course for sure.” **Avraam Makis Moisidis, Hatzopoulos, Greece**

“Die Tage waren insgesamt sehr lehrreich. Es gab spannende Diskussionen in unsere Gruppe und es war auch mal eine gute Gelegenheit, sich mit anderen Berufsfachleute auszutauschen. Ein weiteresr Vorteil war natürlich auch, dass man aus sämtlichen Bereichen der Druckindustrie Fachleute vor Ort hatte. Von Farbenherstellern (waterbased) über Lösemittelfarbhersteller bis hin zum Dekortiefdrucker und Packagingdrucker. Das war mal eine gute Möglichkeit, sich in einem neutralen Raum auszutauschen, was solche Workshops sehr wertvoll macht. Aber auch das gemeinsame Abendessen nach dem Workshop war ein tolles Erlebnis. ” **Martin Coray, Arcolor, Switzerland**
